

VALERIE

In mint condition with just one owner since delivery and never chartered, Valerie was built by Lürssen in 2011 and underwent an extensive refit in 2019. With an impressive volume of 2,755 GT spread over six decks, she combines exterior styling by the renowned Espen Øino with stunning interior design by Raymond Langton. Accommodation is for 17 guests in nine well-appointed cabins (with an additional nursery and staff cabin on the upper and lower decks) served by 27 crew.

There is no shortage of on-board amenities, from a fully equipped spa with hammam to the heli-deck and expansive private sundeck with a 6m swimming pool. Moreover, an elevator serves all deck levels with additional waterline guest boarding access on the portside.

Lürssen's legendary build quality is evident in every element of Valerie's design. She is a pedigree product and a rare opportunity to acquire one of the most impressive and impeccably maintained superyachts on the market today without waiting years for a new construction.
